***Comments and further appropriate actions:***

Congratulations on meeting your target! We notice that there are very few small independent retailers listed under this goal and it would be good to see more of these places selling Fairtrade products in the future. It is also worth noting that the targets for places with populations greater than 200,000 will be

increased at some point over the coming year and the new target for Wigan will be 41 retail outlets and 21 catering outlets. We hope that you will attempt to reach this target in time for your annual renewal and suggest that this may be aided by approaching the smaller independent stores. Perhaps a Fairtrade directory could be produced to inform residents of where to buy/eat Fairtrade goods, raising greater awareness about Fairtrade. Despite your success it is important to keep lobbying shops, cafés and restaurants in Wigan to stock products with the FAIRTRADE Mark and to encourage those listed to expand their ranges. We wish you every success in your future efforts.

---

**Goal 3:** Fairtrade products are used by a number of local work places (estate agents, hairdressers etc) and community organisations (churches, schools etc).
